Faculty

"Beside yon straggling fence that skirts the way,
With blossom'd furze unprofitably gay,
There in his noisy mansion, skill'd to rule,
The village master taught his little school;
A man severe he was, and stern to view;
I knew him well, and every truant knew;
Well had the boding tremblers learn'd to trace
The day's disasters in his morning face;
Full well they laugh'd, with counterfeited glee,
At all his jokes, for many a joke had he;
Full well the busy whisper, circling round,
Convey'd the dismal tidings when he frown'd
Yet he was kind; or, if severe in aught,
The love he bore to learning was in fault."

From "The Deserted Village"
By Goldsmith

Although the basis of education has remained the same through countless years, the "little school" has undergone drastic changes. Today our "little school" has seventy-one teachers teaching in eight departments. These include English, commercial, foreign language, history, industrial and fine arts, physical education, mathematics and science.

Today we can thank our teachers for providing training in a broader field of electives. According to our own tastes and plans for the future, we can decide for ourselves just what courses we will need for our chosen vocations.

Thanks to our faculty, we have club advisors and coaches, who are interested in our having opportunities for a wide variety of extra-curricular activities, too. They are not "severe and stern to view" but friendly, yet firm when firmness is needed.

"School's out, classmates!
Four more perfect years are through.
School's out, classmates!
One more perfect dream come true.
We've reached the hour of parting;
It's time to say adieu.
School's out, classmates;
Riverside, our love to you!"

As all good things must, in time, come to an end, so must our high school years. These years have been filled with many memories for all of us. The friendships we made, the knowledge we gained, the halls and classrooms we have learned to love, and the activities in which we have participated will always remain in a special corner of our hearts. However, Father Time will not pause for an instant to allow us to linger over our individual "moments to remember."

All of us feel a certain apprehension at leaving Riverside. Whether we go to jobs, further education, or marriage, we will be on our own for the first time. This will be a challenge to all of us, but we are confident that these past years have given us the knowledge we will need to face the future.

Classes

"Give me some men who are stout hearted men,
Who will fight for the right they adore.
Show me some men who are stout hearted men
And I'll soon show you ten thousand more.
Shoulder to shoulder . . . . ."

This song could be used to express the feeling of school spirit that every pupil in every class feels toward his Alma Mater and fellow classmates. The classes build the school's reputation over the years and are responsible for keeping it well preserved. There is a special kind of pride that every student takes with him wherever he goes, that originates at school. As school is his "home away from home," he wants to make the most of it in all ways and wants others to respect it. We can rest assured that the classes back every sport, win or lose; every activity, whether it be a success or failure; and every club, large or small.

It's with intense pride as we walk down the halls, that in every face—whether it be the face of a timid freshman, a jolly sophomore, a sophisticated junior, or a mighty senior—we see that school pride, and realize we are all a part of this school life. Each makes sure in his own way that his school is the best in other peoples' minds as well as in his own.

Gaenslen

The Christmas party and Nativity scene

This year six seniors from Gaenslen will receive diplomas from Riverside after completing a four year course of study. Gaenslen is one of the finest schools in the United States for the physically handicapped.

Many activities are enjoyed by the students. Among them are the Halloween costume day, a Christmas party, and a Charity program.

Activities

One part of our school life is spent in organized clubs and school sponsored activities. The purpose of these groups is social or service participation, and the time spent in each develops leadership and character.

The school governing organizations are the Student Council and the Honor Study Hall Board, in which membership is determined by a democratic process of elections.

Primarily for service, are the Lost and Found Department, the Hall Cadets, the Office and Attendance Monitors, the Stage Crew, and the Audio-Visual Aids Crew. Each title signifies the work done and membership is on a voluntary basis. Some of the special service groups are the Service Club, the students who tutor others; the Emblem Club whose members are athletic lettermen; the Future Teachers of America; the American Field Service; and a branch of the Red Cross.

There are departmental organizations which are comprised of the Band, Majorettes, and the Drill Team; the Home Economics Club, Cue Club, Poster Club, the French, Spanish, Latin and German Clubs, the G.A.A. The Choir and Pep Band are from the Music department.

Perhaps of a more social nature, but still very important in providing leadership training are Allen Club, Hi-Y, Camaraderie, Cavaliers, and Debate Club.

In the fields of publication we find the Rocket newspaper staff, the Mercury Annual staff, and the Photography Club. All of these organizations combine to provide the students of Riverside High with a well-balanced program of activities.

A.F.S.

Arne Petersen

Few exchange students have been as busy as Arne in the past year; his activities have ranged from bongo drumming with pseudo-beatniks to the direction of a symbolic movie to literary debates. He has been in the Student Council and Plymouth Youth Council, has been active in the founding of a Literary Society with high standards, took Russian at Shorewood Opportunity School, and was a member of French Club and Debate Club. If one night he didn't go to a jazz concert, he could be found taking part in heated discussions in obscure coffeehouses.

I couldn't possibly have had a better brother—if he had been a little more fond of doing the dishes.

Linda Polacheck

Gunn Petterson

My sister, Gunn Petterson, arrived from Abo, Finland in late August. Because her English was almost perfect, she had little trouble making new friends. Writing letters to certain people back home kept her busy much of the time, but Gunn managed to find time for many school activities. She had taken part in Student Council and Plymouth Youth Council. As an actress, she made a perfect rabbit in the Pigtail Day play. She also had a part in our Jr.-Sr. play. As a sister, she made her greatest success.

Barby Cook

Bob - Do you now remember how to write on the black board? It's been fun talking to you in study hall. Good luck always. Gun

Walter Mentz

Here to spend the school year was my brother, Walter, from Brazil, who could be described as a typical Latin American charmer. He is an amiable and studious fellow who has a keen sense of humor. He is always willing to try anything once. Tops on his list of favorite pastimes are water-skiing, ice skating and sailing. His activities this year have included Student Council, Plymouth Youth Council, and Spanish Club to which he gave much of his time.

Sports

"Keep Old Eastside's colors high
Always say do boys, never say die.
Let it be known our glory and fame
Always to fight and honor her name. . . ."

A challenge to the mind as well as the body is what sports offer to an adventurous individual. Strength and endurance are developed to the maximum as a result, and the opportunities for honest competition and fair play can't help but build character and loyalty, and establish excellent leadership qualities.

Sports give to those who go out for them a strong purpose and reason for wanting to excel scholastically, for they know that if grades should fall too low, they will lose their eligibility. Therefore, we know that our athletes must be top-rate students.

Having a team to follow and cheer for does wonders for the morale of the student body and keeps school spirit at a high point during every season of the year. A great deal of credit goes to those men who devote their spare hours to coaching and encouraging our teams to

"Keep Old Eastside's colors high,
Lead onward to victory."

guy and I miss you in gym.
